

## Introducing a new level in Modular Accommodation

EMCO Building, one of WA's leading commercial builders, has joined forces with a major modular solution provider to provide a full turnkey solution for onsite workers accommodation specifically targeted at the mining sector and related industries.

The market leading technology offers a new generation of accommodation that provides high levels of quality and durability.

### The EMCO solution offers

- High quality finishes and fixtures
- Competitive pricing
- Lightweight concrete construction
- Flexibility of design – the modules can be designed to meet the specific requirements of each individual project
- Communal areas designed to client specification
- Fully BCA compliant
- Fast installation
- Completely relocatable product
- Highly durable product with a lifespan of up to 40 years
- The solution ranges from single person quarters accommodation units through to multi level apartments and Managers housing
- Relocatable product with a superior level of finish
- Modular system can be redesigned to offer superior staff accommodation if required
- Volume production

EMCO Building is an award winning Commercial, Industrial and Multi Residential builder who have been operating successfully for 23 years.

Our experience within the commercial and industrial sectors ensures we are uniquely positioned to offer high quality and cost effective building solutions to all sectors of the industry.

With a highly skilled and professionally qualified Management team covering the full spectrum of professions from Engineering through Quantity Surveying, Estimating, Contract Management, Site Management, Marketing and Accounting.

We offer a service second to none. As well as providing 'modular' prefabricated solutions to the Mining Industry EMCO can provide all your construction infrastructure needs including in ground services, water treatment facilities and large scale structures.
